For the Academic year 2021-22

Department of Mechanical Engineering

Event: GET HIGH ON LIFE – NO DRUGS

Date: 17/08/2022

Effective drug education is important because young people are faced with many influences to use both licit and illicit drugs. Education can play a counterbalancing role in shaping a normative culture of safety, moderation, and informed decision making. Drug Awareness and Prevention seeks to lessen the demand for illicit street drugs through education and prevention programs.

Event Co-ordinator: Mr. Chandraiah M T
