Submitted to Principal

The Mechanical Engineering Department under the banner of Society of Mechanical Engineers (SKIT Student Chapter) has arranged One Day Technical Seminar on Industrial and Process Automation by Venjay Institute of Automation for the VIth Semester Mechanical Engineering Students on 23rd March at 9.30am. In this regard we kindly request you to permit us to conduct the same in the SKIT Seminar hall. We are attaching the details of the topics covered in the seminar and requirements for conducting the same is attached for your reference. We once again request you to permit us to conduct the seminar and provide all the facilities for conducting the same.

Thanking you

VENJAY INSTITUTE OF AUTOMATION

Industrial and Process Automation solution, PLC, SCADA and HMI

DETAILS OF THE TOPICS COVERED DURING SEMINAR/WORKSHOP

1. Applications of the Hydraulics in Automation.
2. Applications of the Pneumatics in Automation.
3. Difference Between Hydraulic actuator and Pneumatic actuator
4. Example for the above – Concrete Batching plant
5. All types of Sensors – Proximity sensor, Limit switches, Ultrasonic sensor, Through Beam Optical sensor, Diffused Beam Optical sensor, Pressure Transmitter, Temperature Transmitter
Special Devices - Encoders, LVDT, Load Cell, Laser Sensor,
6. Applications Related to MECHATRONICS.
7. Motors, VFD, Servomotor, Stepper motor, BLDC Motors and its Usage in Automation.
Examples – Belt conveyor, Bucket Elevator (AC Motor), Trolley Movement (VFD + AC Motor), Position Loop Control in CNC (Servo), Indexing Table (Stepper), Defence (BLDC).
8. Different Methods of Programming – Ladder diagram, Instruction List, Function Block Diagram, Sequential Function Chart, Structured Text.
Examples – Ice vending machine, Run out table, Zero speed switch, Batching plant.
9. SCADA Systems – Introduction, Creating Mimic Diagram, Creating Point data base, Interfacing point to Object Linking, Smart Objects.
10. Running one fully Integrated Project using PLC, SCADA, HMI, Encoder, Laser sensor..
Etc.

Mr Venugopal presented the free Technical seminar & Workshop on Industrial & Process automation by VENJAY AUTOMATION for 6th Semester students where students were exposed to concepts of automation in present day industrial environment. Students got the idea about automation in hydraulics & pneumatic. They come to know about the actuators, sensors used in automation. Various motor required for automation and type of programming methods used in automation.

ABOUT SREIS:

Sri Raghavendra Educational Institutions Society (SREIS) has been in the service to the nation in the field of Health and Education. It is house hold name in the field of Engineering, Medical and Paramedical education. Raghavendra Hospital, Diagnostic and Research centre, Polytechnic, College and School of Nursing, College of Pharmacy and College of Education and KMV Red Hills High school run by the society are the landmarks in the history of education in this part of the country.

ABOUT SKIT:

Sri Krishna Institute Of Technology, Bengaluru was established in the year 2001. It is one of the feathers of Sri Raghavendra Educational institutions Society. The Institution is recognized by AICTE, New Delhi, approved by Govt. of Karnataka & is affiliated to Visvesvaraya Technological University (VTU), Belgaum. The Institution offers UG courses in the disciplines of CSE, ISE, ME, EEE, CIVIL & ECE. The resource persons at SKIT are highly qualified & experienced. The campus is Wi-Fi enabled with well equipped state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located at a distance of 15kms from Bengaluru city railway Station on Hesaraghatta road.

ABOUT THE DEPARTMENT:

Department of CSE started in the year 2001 with an objective of imparting quality technical education. Department of CSE has an intake of 120 students. The department has well qualified faculties having an experience in both teaching and industry. Most of the members of the faculty are engaged in Research and related work as a part of quality improvement drives.

ABOUT THE WORKSHOP:

Computing in its purest form has changed hands multiple times. The trend has turned, from bigger and more expensive, to smaller and more affordable commodity PCs and servers. A newer emerging technology Cloud Computing has shown up demanding attention and is quickly changing the direction of the technology landscape.

OOP is a design philosophy. It stands for Object Oriented Programming. Object-Oriented Programming uses a different set of programming languages than old procedural programming languages (C, Pascal, etc.). Everything in OOP is grouped as self sustainable "objects". We gain reusability by means of four main object-oriented programming concepts This workshop provides hands on exposure to these concepts and helps in building their own applications and hence complicated projects.

RESOURCE PERSONS

Domain experts from Industry.

REPORT ON

“VAASTU-2017”

National level Technical Fest and Professional Development Program

HOSTED BY DEPARTMENT OF CIVIL ENGINEERING

Signature of HOD

Signature of Principal

The CIVIL department conducts “VAASTU-17” National level contest with multiple technical events, this year VAASTU-17 received an overwhelming response in all its events and was a magnificent success.

The word “VAASTU” comes from SANSKRIT, which is an ancient Indian science of architecture and buildings which helps in making a congenial setting or a place to live and work in a most scientific way taking advantage of the benefits bestowed by nature, its elements and energy fields for enhanced wealth, health, prosperity and happiness. “VAASTU-17” is organized in Civil Engineering Department. The motive of this event is to develop various skills of students in Co-Curricular activities and to expose them to the current trends in the technical and professional fields. Around 222 participants from all over Karnataka took part in the event and won a total cash prize of 50,000.

“VAASTU” includes various events like:

- TechnicalTalk**
- TechnicalPaperpresentation**
- BridgeModelling**
- TechnicalQuiz**
- AutoCAADDesigning**
- FastSurveying**
- Town Planning Model**

The Department has organized a National level technical fest "Vaastu-17" on 27th April 2017

Chef Guests:

**Dr. B Shivalingaiah, Ph D(Canada). Ex- chairman,
Karnataka State Pollution Control Board ,
Ex-MD, Karnataka Renewable Energy Development Ltd.**

**Dr. G L Eswara prasad M.E(Structures), Ph.D (IIT Delhi)
Principal, MIT, Mangaluru**

“Technical Talk”

A technical talk was presented for the gathering by **Dr. G L Eswara prasad** on the topic of “**SUSPENSION BRIDGES**”. In his talk he enlightened all faculties and students of Civil Engineering of SKIT and various colleges. 265 members were taken part in technical talk.

“PAPER PRESENTATION-TECHNICAL PAPER PRESENTATION”

"Paper Presentation" is a technical event conducted on **27th April 2017**.

This event is all about how to manage the chosen topic with their presentation skills in front of an audience, with this to enhance command over language and quick ability to answer question raised by the audience. We received total 9 participants from various for this event. As this event enhances students presentation Skills and in-depth understanding of the chosen topic. Students presented on various topics from areas of Structures, Concrete, Environmental Engineering etc.

Faculty Co-ordinator: Shiva Prasad D G

Venue: Auditorium

Time: 10.30AM to 12.30PM

“PONTEM MODELARE” (BRIDGE MODELING)

Integrated innovative model bridge design and testing competition in the instruction of Structural Analysis as a pedagogy tool to enhance the learning experience. Students designed and fabricated reduced scaled models of bridge either using spaghetti or timber sticks using suitable adhesive. Students had to predict the failure load and compete for the most efficient bridge structure when their bridges were tested to failure. These hand-on project motivated students to engineering creativity by providing an opportunity to experience first-hand the challenges of engineering projects. 19 groups were participated.

Faculty Co-ordinator: Saritha N

Venue: Drawing Hall
Time: 2.00PM -3:30 PM

“SARVEKSHAN” (FASTEST SURVEY)”

To determine relative positions of different objects on the surface of the in the campus by the method of surveying within given interval of time. 41 students from various engineering colleges were participated.

Faculty Co-ordinator: Raghavendra H J

Venue: Playground
Time: 2:00PM 3:30PM

“RAPIDO-CADD” (AUTOCADD DESIGNING).

Auto CADD designing is use of computer systems to assist in the creation, modification, optimization of a design. In this, given the theme both 2D and 3D drawings are executed by students. 23 students were participated in Quick CAAD

Faculty Co-ordinator : Sharanya Y S

Venue: CADD LAB

Time: 1:30 TO 3:30 PM

“NAGARASUTRANA” (TOWN PLANNING MODEL)

- Model of town planning need to be prepared. The concept of smart city was given to students. 9 teams were participated.
 - **Faculty Co-ordinator Renuka H R**
Venue: Geotechnical Engineering Laboratory
Time: 1.45PM to 3.00PM

DEPARTMENT OF CIVIL ENGINEERING

VAASTU'17

The Department has organized a national level technical fest Vaastu-17. Dr B Shivalingaiah, PhD (Canada). Former chairman, Karnataka State Pollution Control Board and Dr G L Easwaraprasad, Principal of MIT Mangalore was invited as chief guest. A technical talk was presented for the gathering by Dr B Shivalingaiah on the topic of "Impact of Global warming on Environment." In his talk he enlightened the effects of modern architecture like glass cladding on the environment and which gave a new exposure to think regarding the minimization of Global warming for the budding engineers. Another chief guest Dr. G L Easwaraprasad addressed the gathering about the scope and advancement in the field of civil engineering.

Around 100 participants from all over Karnataka took part in the event and won a total cash prize of 35000. The various events held at Vaastu-17 are **Paper presentation, Technoquestionario, Rapidocadd, Pontemmodelare, Survekshan, Nagarasutrana**. Each event was organized by student coordinators and supervised by event coordinators.

ABOUT SKIT

Sri Raghavendra Educational Institutions Society (SREIS) has been in the service to the nation in the field of Health and Education. It is a name hold name in the field of Engineering, Medical and Para Medical Education. Raghavendra People Tree Hospital, polytechnic college, School of Nursing, College of Pharmacy and College of Education & KMV Red Hills High School run by the society are the landmark in the history of education in this part of the country.

ABOUT SKIT

Sri Krishna Institute of Technology, Bengaluru was established in the year 2001. It is one of the Trustees of Sri Raghavendra Educational Institutions Society. The Institution is recognized by AICTE, New Delhi, approved by Govt of Karnataka & is affiliated to Visvesvaraya Technological University (VTU), Bengaluru. The Institution offers UG courses in the disciplines of ME, EEE, CIVIL, ECE, CEE & ISE. The resource persons at SKIT are highly qualified & experienced. The campus is well equipped with well equipped state of the art laboratories, computing facilities, library, sports and hostel facilities for boys and girls. The college is located on Hosurhalla road at a distance of 15 kms from Bengaluru City Railway Station.

ABOUT THE DEPARTMENT

The Department was established in year 2004 with full fledged teaching faculty and supported by experienced technical staff. The staff members of the department work with full dedication with the students interest in mind. The well equipped laboratories and devoted efforts by the staff have always reflected in the good performance of our students in the university exams. The infrastructure in the department include Basic Workshops, CAED lab, Materials Testing Lab, Foundry and Forging lab, Measurements and Metrology lab, Machine Shop, CAD/CAM lab, Fluid Machinery lab, Energy Conversion lab, Design lab and Heat Transfer lab. All the labs have state of art equipments of world class Mechanical Engineering. Department aims to provide quality education with a strong foundation in fundamentals, principles of Engineering, blended with professional and ethical

responsibilities for the betterment of the society as a whole. Currently the Department offers UG program with an intake of 120 students affiliated to Visvesvaraya Technological University (VTU) Bengaluru, Karnataka. The Department has got Rs 20 Lakh funds under MODRBE scheme from VTU, VGST.

SEMINAR OBJECTIVES

One day Seminar on Recent & Emerging Trends in Mechanical Engineering, "RERS - 2016" is aimed at providing a common platform to Academicians, Research Scholars, Practicing Engineers & Industry Experts to share their ideas, thoughts, findings, etc and to discuss so as to ignite the young engineering minds to drive them towards the excellence in Mechanical Engineering Science and Technology.
