Event Report

Activity : Industry Visit to Cognizant

INTRODUCTION/OVERVIEW:

On 05-12-2023, our team had the opportunity to visit Cognizant, one of the leading global professional services firms. The purpose of the visit was to gain insights into Cognizant operations, explore its industry practices, and understand the role of technology in shaping the modern business landscape. 28 students of various departments (CSE & ISE) visited Cognizant.

COMPANY OVERVIEW:

Cognizant is an American multinational company that specializes in providing IT services, consulting, and business process outsourcing solutions. Established in 1994, Cognizant has grown to become one of the world's largest technology companies, serving clients across various industries..

FACILITY TOUR:

During our visit, we were given a comprehensive tour of Cognizant state-of-the-art facility. The visit began with a comprehensive tour of Cognizant's campus, which showcased state-of-the-art facilities, collaborative workspaces, and advanced technology infrastructure. The company's emphasis on creating an innovative and conducive work environment was evident throughout the tour.

EXPERT PRESENTATIONS:

A presentation was delivered by senior executives, providing an overview of Cognizant's core business areas, growth strategies, and emerging technologies. The presentation highlighted the company's commitment to continuous learning, skill development, and adapting to the evolving needs of its clients.

DISCUSSION ON INDUSTRY TRENDS:

Engaging with Cognizant's engineering team allowed for a deeper understanding of the technologies employed in their projects. The discussion covered a range of topics, including software development methodologies, quality assurance processes, and the application of emerging technologies such as artificial intelligence and machine learning..

KEY TAKEAWAYS:

Emphasis on Innovation: Cognizant's focus on fostering innovation and leveraging cutting-edge technologies was evident throughout the visit. The company's commitment to staying ahead of the industry curve was reflected in its work culture and infrastructure.

Collaboration and Teamwork: Cognizant emphasized the significance of collaboration and teamwork in delivering successful projects. The company provided opportunities for employees to work in cross-functional teams, enabling the exchange of ideas and expertise.

Continuous Learning: The visit highlighted Cognizant's emphasis on continuous learning and skill development. The company invests in training programs to up skill its workforce and adapt to emerging technologies, ensuring they remain at the forefront of the industry.

CONCLUSION:

The industry visit to Cognizant provided the group with valuable insights into the company's operations, industry practices, and the role of technology in addressing business challenges. The experience deepened their understanding of IT services, consulting, and the significance of a client-centered approach. The visit left the group inspired and motivated to pursue careers in the technology industry while incorporating the learnings from Cognizant's practices into their future endeavors.

Subject: Details of students participating in Corporate Mentorship Program at EY on 13th Sep 2023

Dear Maam,

I am writing on behalf of SRI KRISHNA INSTITUTE OF TECHNOLOGY to express our gratitude for providing our students with an exceptional opportunity to participate in the Corporate Mentorship Program to be held at the EY Office in Bangalore, Karnataka, as part of the Next Gen Employability Program. We are confident that this program will offer our students an enriching experience, enabling them to connect with industry professionals, seek guidance, and establish valuable connections for their future endeavors.

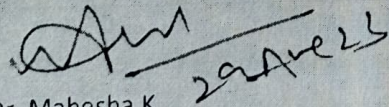

We firmly believe that this corporate mentorship initiative will play a pivotal role in bridging the gap between academic learning and the corporate world, thereby enhancing our students employability skills.

We request permission for 31 students from our institution to participate in the EY corporate mentorship event scheduled for 13th Sep 2023. The names of the selected students are as follows: (Table with student name, branch, year & ID proof number)

We have enclosed the necessary identity proofs of the selected students in Appendix 1 for your reference and verification.

We anticipate the continuation of our association with EY GDS & Edunet to further enhance the employability and learning outcomes of our students through the Next Gen Employability Program.

Best regards,

Dr. Mahesha K

Event Report

Activity: Industry Visit to Ernst & Young (EY)

INTRODUCTION/OVERVIEW:

On 12-09-2023, our team had the opportunity to visit Ernst & Young (EY), one of the leading global professional services firms. The purpose of the visit was to gain insights into EY's operations, understand their industry expertise, and explore potential collaboration opportunities. 2 faculties (Mrs. Sowmya and Ms. Sindhu) along with 28 students of various departments (CSE, ISE & AIML) visited EY.

COMPANY OVERVIEW:

EY, founded in [Year], operates in more than [Number] countries, with a strong presence in the fields of assurance, tax, consulting, and advisory services. The firm serves a diverse range of clients, including multinational corporations, government organizations, and non-profit entities. EY places a strong emphasis on innovation, sustainability, and digital transformation to help their clients navigate the challenges of today's business landscape.

FACILITY TOUR:

During our visit, we were given a comprehensive tour of EY's state-of-the-art facility. The office space was designed to foster collaboration and creativity, with open workspaces, meeting rooms equipped with advanced technology, and dedicated areas for teamwork and brainstorming sessions. The emphasis on a flexible and dynamic work environment was evident throughout the tour.

EXPERT PRESENTATIONS:

EY arranged several presentations by their industry experts, providing us with valuable insights into their areas of specialization. The presentations covered topics such as financial auditing, tax planning, risk management, and digital transformation. The experts shared case studies and real-life examples to demonstrate EY's capabilities and the value they bring to their clients.

#29, Chimney Hills, Hesaraghatta Main Road, Chikkabanavara Post, Bengaluru-560090

DISCUSSION ON INDUSTRY TRENDS:

We had the opportunity to engage in discussions with EY professionals on the latest trends and challenges in the industry. Topics included emerging technologies such as artificial intelligence and blockchain, regulatory changes, sustainability practices, and the impact of globalization on business operations. These discussions allowed us to gain a deeper understanding of industry dynamics and how EY adapts to these changes.

KEY TAKEAWAYS:

1. EY's strong focus on innovation and digital transformation enables them to stay ahead in a rapidly evolving business landscape.
2. The importance of staying up-to-date with industry trends and regulatory changes to provide effective solutions to clients.
3. EY's commitment to collaboration and fostering partnerships with external organizations and startups.
4. The significance of a flexible and dynamic work environment in promoting creativity and teamwork.

CONCLUSION:

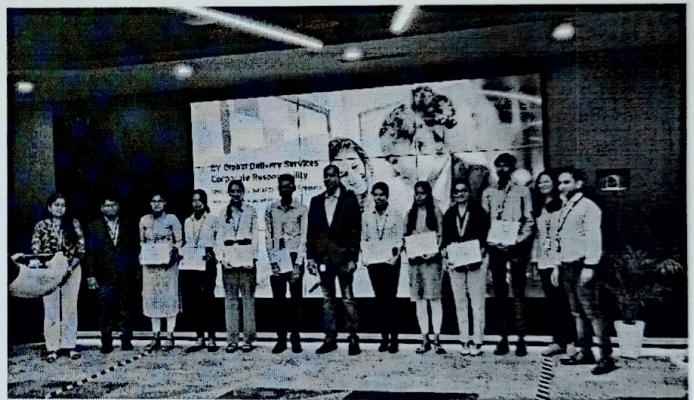

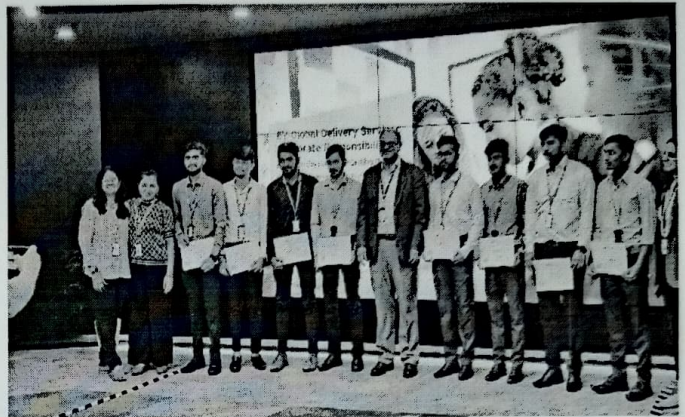

Our visit to Ernst & Young provided us with valuable insights into their operations, industry expertise and commitment to innovation. We are excited about the potential collaboration opportunities that may arise from this visit. We would like to express our gratitude to the EY team for their hospitality and willingness to share their knowledge and experiences with us.

No.ISTRAC/HRD/V1/2024 (12)

February 26th, 2024

Sir,

Sub: Permission for Sri Krishna Institute of Technology, students to visit ISTRAC facilities at Mission Operation Complex (MOX), Bangalore on 28.02.2024-Reg.

Ref: Letter Dated 27.12.2024.

In connection with the above subject and reference, this is to convey that the request for the proposed visit to MOX,ISTRAC by 40 Students and 02 faculty members of Sri Krishna Institute of Technology, Bangalore is considered favorably and the visitors are permitted to visit MOX on 28.02.2024 (Wednesday) between 14:00 Hrs. and 16.30 Hrs.

A valid College ID card, Aadhar card may please be produced at the time of entry and a copy of Aadhar card may be produced at the time of visit. They will be permitted after the security check and not allowed to carry mobile phones and any kind of electronic items.

No foreign nationals/NRI students are allowed inside the campus.

With best regards,

(B. SANKAR MADASWAMY)

Event Report

Activity: “Industrial visit to MOX, ISTRAC”

INTRODUCTION/OVERVIEW:

Department of Electronics and communication Engineering had organized an Industrial visit to ISTRAC at MOX (Mission Operation Complex) for 3rd Year students on 28th of February 2024 which was coordinated by Dr. Naganagouda Patil (Prof. ECE) and Ms.Namratha D (Asst. Prof ECE). It was a half day visit and 38 students along with 2 faculty members participated.

OBJECTIVES:

The main objectives of this industrial visit are:

1. To get knowledge about the tracking support for all satellite and launch vehicle missions of ISRO.
2. To understand the development of space technology and its applications.
3. To encourage the youth to engage in scientific activities and consider in science and technology.

SUMMARY:

National Science Day is celebrated at ISTRAC to honor the discovery of the Raman effect by physicist Sir CV Raman. The Raman effect in the inelastic scattering of light of molecules, a discovery that earned Raman the Nobel Prize in Physics. The theme for National Science Day 2024 is “Indigenous Technologies for Viksit Bharat emphasizing” the importance of hometown innovations in India’s scientific progress.

The NaviC(Navigation with Indian Constellation) provides SPS services in S band , Gagan provides air navigation services over Indian flight information region. NaviC is offering short messaging service for users in Indian region through satellites. Web based interface for message submission through internet.

OUTCOMES:

- 1) The students got more information about the National Science Day celebration and theme of science day 2024.

#29, Chimney Hills, Hesaraghatta Main Road, Chikkabanavara Post, Bengaluru- 560090

- 2) The students gain the knowledge about the processes involved in space missions from conceptualization and design to launch and operation.
- 3) An Industrial visit to ISTRAC at MOX can be educational and inspiring, providing the students with valuable knowledge in the field of space science and technology.

Event Report

Activity : “Industrial visit to Indian Institute of Science(IISC)”

INTRODUCTION/OVERVIEW:

Department of Electronics and communication Engineering had organized an Industrial visit to Indian Institute of Science(IISC) for 2nd Year students on 19th of January 2024 which was coordinated by Mr Nagana gouda C Patil (Prof ECE) and Mrs Shilpa V and Radha G (Asst. Prof ECE). It was a half day visit and 50 students along with 3 faculty members participated.

OBJECTIVES:

The main objectives of this industrial visit are:

1. An opportunity for the students to understand the making of ICs.
2. To understand the design, development, assembly and integration all the components of ICs.
3. To get knowledge of the equipment and the different material characterization.
4. To get knowledge of different lithography process.

SUMMARY:

Nano-electronics pertains to the investigation of transport and behaviour of electrons (and holes!) at the nanoscale, and involves design, development and understanding of electronic devices for the next generation of high-performance technologies. The theme of nano-electronics research done at our Centre is:

- to solve problems in existing device technologies to improve performance,
- to help develop indigenous device technology and the know-how
- to explore exciting physical properties of devices and materials toward realizing novel devices with superior functionalities.

Electro lithography is a new patterning technique developed at CeNSE based on electric field induced material transport. This technique can be used for drawing patterns having dimensions from a few nanometers to a few hundred micrometers at ambient conditions.

The MNCF offers a wide variety of material and device characterization services enabled by the more than 50 pieces of equipment housed under a single roof at CeNSE, IISc, together with experienced staff.

OUTCOMES:

- 1) Students understood how ICs fabrication taking place by using different stages .
- 2) The students got more information about dry etching and wet etching process in fabrication, and diffusion process.
- 3) The students understood different lithography process.
- 4) The students got more information about material characterizing lab.

Report on Industry visit
"Industry Visit to Cognizant office, Bangalore"

Topic	Industry Visit	Resource person	Cognizant
Sector	Seminar / Discussion	Date	05-12-2023
Place of Conduction	COGNIZANT	Name of the Participant	Final year CSE, ISE, EC students

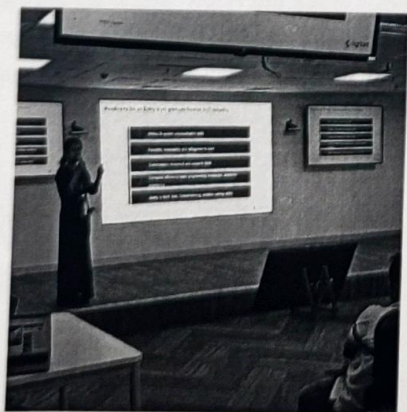

Our Institution has facilitated to organize an Industry Visit for our final year CSE, ISE, EC students to **Cognizant office**, BLOCK D1, Manyata Embassy Business Park, Thani Sandra, Bengaluru, Karnataka 560045 on **Tuesday, 05-12-2023**. They have reached the premises of **Cognizant at 9.45 AM**. **Ms. Prerana of Cognizant** addressed the students. She explained about the various opportunity available for the final year students to improve their skills. Team building activity also conducted by the team of Cognizant to make the students to get comfort with different team people. The orientation program should bring credentials to the students, Department, Institution and the organization where the students will build-up their career. And also allotted each and every student with the mentors which helped them to feel free and clarify our doubts with the friendly environment and also conducted quick tour of the campus and working space of the employees and had a mock interview which was of two rounds to boost the student's confidence and trained well. It was very informative session. **Total 15 students** participated. Students interacted with mentors to get additional information. **Mrs. Aruna R, Assistant Professor** from CSE dept coordinated this event.

Key Highlights:

Agenda of the Day:

Time	Schedule
9:45 am	Reporting time
10 am–10:30am	Entry and Visitor pass distribution, escorting students to the venue
10:30 am – 11:15 am	Office Tour and Session on Industry Awareness
11:15 am – 11:30 am	Talk by Mentor Together
11:30 am – 12:30 pm	1-1 session on Resume building and LinkedIn
12:30 pm – 1:30 pm	Mock interview
1:30 pm	Lunch
Post Lunch	See Off

**DIGIGLOBE
SOLUTIONS**

20 Aug 2024

Dear Meghana M

We are pleased to confirm your appointment as a Frontend Developer Intern for a one-month virtual internship at DigiGlobe Solutions.

During this internship, you'll have the opportunity to apply and enhance your Frontend development skills in a dynamic and collaborative environment. We are confident that your attention to detail, enthusiasm, and expertise will contribute significantly to our projects.

Your proactive approach and dedication to learning are highly valued, and we look forward to seeing you bring these qualities to our team. You'll be working on real-world projects that will challenge you to apply your technical skills and foster teamwork and problem-solving.

We are excited to have you on board and are confident that your contributions will make a lasting impact. Let's achieve great results together!

Welcome to the DigiGlobe Solutions team!

Sincerely,

lakshmikar
